To this meeting, which last for one and a half hour, AKETH invited 18 young people between the age of 18-30 in order to engage in an in a competition in the creation of a Virtual Café.

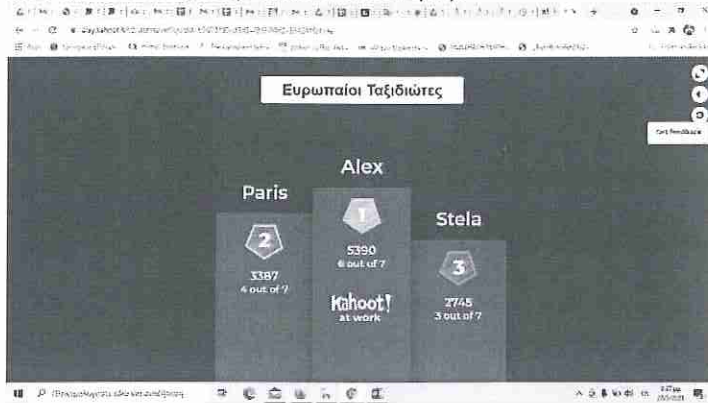

At the beginning, participants engaged in an ice breaking activity through Lucidspark, where they were challenged to create the longest short story in teams.

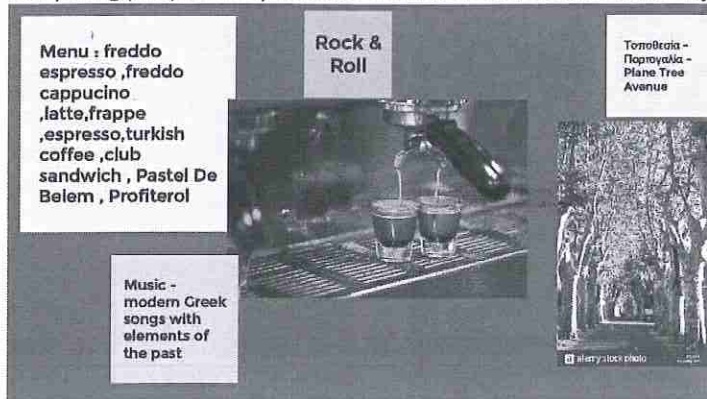

Later, participants spend 30 minutes in order to create their own Virtual Café, by adding elements from the VirtualCafe platform that was created in the framework of our Erasmus+ project.

At the end, the young people participated in a quiz competition for Europe and the partner countries and the winner group earned the trophy.
